### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalindj.com/index.php/INDJ/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments		
<b>Minor</b> REVISION comments	<ol style="list-style-type: none"><li>1- The manuscript needs to be rewritten because there were many grammatical errors.</li><li>2- References in the main text body need to be organised, in the introduction section, the last cited reference was 40 while the reference just before it was 11 so the author must insert the references subsequently.</li><li>3- In section 4 (Patient Health Questionnaire (PHQ-8)) no need to number the symptoms, just type them with coma between them.</li><li>4- Generally, the manuscript carries good results and the figures are well discussed, the results very satisfied.</li></ol>	
<b>Optional/General</b> comments		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
