

Review Form 1.6

Journal Name:	International Research Journal of Pure and Applied Chemistry
Manuscript Number:	Ms_IRJPAC_91686
Title of the Manuscript:	Isolation, Physicochemical and BET analysis of Cellulose from Pentaclethra Macrophylla Benth (Oil bean) Pod biomass wastes
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalirpac.com/index.php/IRJPAC/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
Minor REVISION comments	<p>In fact, methods, characterization tools and most of the discussion are not clear. However, there are several issues need to be considered before having this manuscript published. These comments are as following:</p> <ol style="list-style-type: none">1. There are several type mistakes and abbreviated suffixes repeated within the text, in different places, please correct them. Please go over the manuscript and polish these mistakes.2. The introduction part should be enhanced by new references. <p>It can be accepted for publication in Journal of Materials Science Research and Reviews but, before publication, I would suggest for the author to review the paper by a native speaker.</p> <p>Besides, the authors are kindly requested to add some relevant references which are published in the Journal of Materials Science Research and Reviews . This would promote the citation records of the journal.</p>	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
