

Review Form 1.6

Journal Name:	Journal of Advances in Microbiology
Manuscript Number:	Ms_JAMB_93016
Title of the Manuscript:	EVALUATION OF MICROBIOLOGICAL AND PHYSICO-CHEMICAL PARAMETERS OF JUICES SOLD IN THE STREETS OF THE CITY OF MAN (CÔTE D'IVOIRE): CASE OF ZINGIBER OFFICINALE AND HIBISCUS SABDARIFFA.
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

Review Form 1.6

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>ABSTRACT</p> <ul style="list-style-type: none"> - What does the acronym FMAT mean? - Count of microorganisms with incomprehensible values. Example: Total coliforms 8.06.105 - "38% in small alleys 17% at the bus station and 13% at the edge of schools (13%)". Total 81%, and the rest? - What it means "microorganisms of alterations"? - "juices made from Guinea Husk", this juice was not evaluated in this study according to the title and objectives. <p>MATERIAL AND METHODS</p> <ul style="list-style-type: none"> - "30 cl" would not be 30 mL? - What it means "guinea oiselle"? Where does this come in at work? - Replace the term "flora" with microbiota. - Enumeration of aerobic mesophilic: "Characteristic colonies appeared whitish or yellowish", if it is mesophilic aerobic count, colonics with any characteristic should be counted. - By the methodology described, <i>Escherichia coli</i> was not counted, but only thermotolerant coliforms. - Expression of results: Change (CFU)/g to (CFU)/mL. - Table I: Microbiological criteria for fruit juices: Cite the source (reference) from which these parameters were obtained. - There is no methodology described for the physical-chemical evaluation of the juices. <p>RESULTS</p> <ul style="list-style-type: none"> - Table II: Vendor Location: column repetition " Edge of the Schools". - Figure 2: Assessment of the cleanliness of the production room: who made this assessment and how was it made? - The graphics must be redone because they are incomprehensible, the acronym must have its meaning informed in the text or graphic. <p>DISCUSSION</p> <ul style="list-style-type: none"> - A complete spelling and grammar correction is required. - Delete the term "flora" and replace it with "microbiota". - Fix some scientific names. 	

Review Form 1.6

	CONCLUSION - Why do you just quote "sold at the roadside" juice?	
Minor REVISION comments		
Optional/General comments	The article needs to undergo a complete technical-scientific review, inadequate terminology and description of methods are used and a non-comprehensive discussion is used.	

PART 2:

	<u>Reviewer's comment</u>	<u>Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</u>
<u>Are there ethical issues in this manuscript?</u>	<u>(If yes, Kindly please write down the ethical issues here in details)</u>
