### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journaljammr.com/index.php/JAMMR/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	<p><b>Introduction</b>            What is your objective in doing this research? Do you want to see the effectiveness of the program or what? Is this a case study?            Restructure your research writing.            What is your research objective?            What is your problem statement? What are you trying to solve?            Research objective?</p> <p><b>Literature review</b>            None</p> <p><b>Methodology</b>            Your writing is more like describing the program.            What kind of sampling that you're using? I assume you apply qualitative research. do you interview the participant?            What is the characteristic of your participants? Explain how you collect the data? How you analyse your data?            Explain your reliability and validity</p>	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

### PART 2:
