PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	This is a unique case of PLB in this case an 'egg' The abstract is very brief, it may be worthwhile to expand this. It may useful to include the CT imaging of the abdomen and a differential diagnosis in the body of the manuscript would be useful. Inclusion of the highlights would enhance this case report, this would be what this case report adds to the pre-existing literature on this topic.	
Minor REVISION comments	None	
Optional/General comments	This is an interesting case that needs some work to enhance the case report further.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
