

Editor's Comment:

Evaluation by the Academic Editor:

1. Author's need to include the details about statistical method used and statistical significance between the compared groups.
2. Author's need to include the institutional ethics committee (IEC) or institutional review board (IRB) approval details in the manuscript.
3. Author's need to mention the informed consent details obtained before commencement of the surgeries and for the use of the pictures of the patients from the parents or guardians.
4. All the figures need to be organized in same size.
5. Author's need to include the necessary details and correct the grammar as per the comments of all reviewers.

Editorial Decision of the Academic Editor:

May be accepted for publication after the all corrections done by the author's in the Journal of Advances in Medicine and Medical Research.
