Compulsory REVISION comments	After reading the manuscript Ms_JENRR_93167, my overall feeling is that this article is well written with fewer mistakes. But it is important to notice the following points to improve the quality. 1. Subject all equations in the text to punctuation 2. Write the conclusion well, while avoiding ending the conclusion with points or sequences as is the case. 3. Standardize the wording of references while avoiding writing the names of certain authors in bold as is the case. 4. I issue a favorable opinion for the publication of this article in your Journal.
