	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The fragment below should be expanded to help the readers understand the differences that emerged with the use of Zoom. Also how critical can/could be the author's reflections when it comes to critical literacies, for example? "As the university supervisor, we had to move to Zoom for the duration of the semester, which made our interactions different, but still very fruitful and engaging..." I also suggest more updated and amplified literature in the field of education.
