<u>Compulsory REVISION</u> comments	This paper provides new information about the use of polyherbal formulation in the treatment of diabetes mellitus. However, there are some things that need to be improved: 1. In introduction section, please explain how the polyherbal formulation Katakakhadiradi kashayam can be used as an alternative to treat diabetes; 2. Please add the searching method for collecting the articles; 3. It is necessary to describe the interactions between extracts (eg, additive, synergis) in polyherbal formulations that can enhance its anti diabetic effect; 4. There are no specific mechanisms of action described in the paper regarding the antidiabetic effect of the polyherbal formulation; 5. There are several errors in structure and grammar. Please read the manuscript carefully and English editing is needed to improve the quality of the manuscript; 6. The number of references is insufficient. A minimum of 50 references are required for a review article	
<u>Minor REVISION</u> comments
