PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	1. English grammars on several places showed improper expression. There are multiple places English grammars need to be corrected. Some spelling mistakes are also 'singlely', 'approval', etc. 2. Please state the reason for selecting the doses for all the drugs or give the ref. 3. Kindly modify the table alignment to explicit the results clearly. 4. The discussion part needs more explanation/detailed information correlating the use of the plant extract against diabetes. 5. The judgement about the anti-diabetic effect based on the biochemical parameters' estimation, body weight and water intake estimation alone are not acceptable because it lacks to explicit the mechanism behind the desired effect of extract used.	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
