PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<ol style="list-style-type: none">1. The study is a randomized trial. Thus, CONSORT guidelines should be followed report the methodology section.2. The main section in methods should be named as patients and methods, not material and methods. Materials used in the study could be listed as a subheading from the patients and methods section.3. Randomization is unclear enough (software used, allocation ratio, methods used).4. It is better to include a patient recruitment chart.5. The assessment of symptoms severity needs a reference.6. The table of results lacks a significant symbol.7. Figures need to be more informative with some pointers on them.	
Minor REVISION comments	<ol style="list-style-type: none">1. Writing clarity needs to be improved.	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
