### **General guideline for Peer Review process:**

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://www.journalpri.com/index.php/JPRI/editorial-policy>

### **PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments		
<b>Minor</b> REVISION comments	<p><b>Abstract:</b> In this section, I recommend that the authors start with a brief Introduction to the subject, covering aspects of COVID-19 and the main medicines and herbs used by patients.</p> <p><b>Introduction:</b> In this section, the authors should provide a more in-depth description of COVID-19, and the main symptoms that differentiate it from other viral diseases, such as the flu. In this topic, the authors should also address the importance, beneficial effects and damages to the health of the population by the use of medicinal herbs, and/or supplements, and which are the most used by the population.</p> <p><b>Methodology:</b> This section must contain the object of the study, the questionnaire must appear in this section, or as an annex at the end of the text.</p> <p><b>Results and discussion:</b> In this section, authors should better describe the main herbs and supplements used by patients, as well as their effects on the body.</p>	
<b>Optional/General</b> comments		

### **PART 2:**
