General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

<https://journalsajp.com/index.php/SAJP/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	Technical issue This is not concentration but rather volume : "Five different concentrations for each insecticide ranging from 0.001 to 0.5µl". The unit of concentrations are ppm, ppb, g/L etc. If 0.02 g of insecticide is dissolved in 100 mL, what is the concentration of the solution? Also, how was the working solution prepared? Hence, if corrected, effect each and place where concentration appears e.g LC ₅₀	
Minor REVISION comments	1. Check punctuation such as comma and space. It is indicated with YELLOW colour. 2. Table must be according to the scientific standard e.g remove grid lines 3. Figure must be according to the scientific standard e.g remove the label at the top within the figure. 4. Please, the author should provide a Conclusion, Conflict of interest, and acknowledgement	
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
