PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	I suggest adding a few references that are related and recent Grammar corrections should be made to the article In addition to explaining the extraction and isolation process, I suggest adding one more recent reference. A secondary metabolite of fungi structure should be included. There are some words that need to be corrected in the statistical analysis GraphPad Prism Software P value < 0.05 The UV absorbance range and HPLC data should be explained	
Minor REVISION comments		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
