PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>1. The authors presents two rare cases, of great importance in medical practice.</p> <p>2. The title is well worded.</p> <p>3. The abstract is comprehensive and well documented.</p> <p>4. The structure of the manuscript respects the requirements of the journal.</p> <p>5. The manuscript is scientifically correct, well organized and beautifully presented.</p> <p>6. The references are current. I suggest completing the references with the following article: Albu CC, Albu DF, Patrascu A, Albu SD, Efrem IC, Goganau AM. Prenatal diagnosis of syndromic alobar holoprosencephaly associated with digynic triploidy fetus. Rom J Morphol Embryol. 2020;61(4):1309–1316. https://rjme.ro/RJME/resources/files/61042013091316.pdf</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>1. I can't appreciate it.</p>	
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p>(If yes, Kindly please write down the ethical issues here in details)</p>
