If you have suggestion of additional references, please mention in the review form.</b> <b>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</b>	Yes, it is an important issue, as we need to be aware of how many countries suffer from a lack of health care due to financial issues.  The title is quite illuminating.  The abstract is comprehensive, but needs structural organization.  The manuscript could be more structured, based on the organization of topics, better formatting.  It would require scientific adjustments, based on topics related to a scientific article, such as methodology, results and discussion.  Are references up-to-date and recent, based on safe health information.	
<b>Minor REVISION</b> comments <b>1. Is language/English quality of the article suitable for scholarly communications?</b>	The language is quality	
<b>Optional/General</b> comments	Congratulations on the topic is extremely important. 1-In the introduction, it would be interesting to report a little more about health care for the Nigerian people. 2-insert in the -introduction epidemiological data based on mortality rate due to lack of assistance due to the economic sector of many Nigerians. 3- Observe the objective, it is interesting to reformulate it, Understand the health care of Nigerians and the challenges in achieving this reform in the country. (SUGGESTION) 4 - In the references insert the DOI, in the articles found.
