General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link: (<https://www.journalajrs.com/index.php/AJRS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. (Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)	<p>This is a valuable study to ensure a more robust audiological assessment in children.</p> <p>Suggestion: The design and evaluation of children's speech recognition audiometry lists in Moroccan dialect.</p> <p>It is a bit confusing due to the sentence structure used throughout the whole article. Please get the article checked by English translator to make it more comprehensible.</p> <p>Please put objectives first, followed by the materials and methods. Do elaborate on the translation and back translation of the words. Do identify who performed this process. Yes</p> <p>Please include reference from the development of speech recognition list from other languages too.</p>	
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?	<p>The sentences are not well constructed and may cause confusion to the meaning of the article. Please get English translator to correct the article.</p>	
Optional/General comments	<p>A good study. I suggest that the discussion is presented in paragraphs form instead of sub headings. Please include reference from other similar studies in other languages.</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
