PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>1. The article is an original research work on the <i>Evaluation of constraints limiting Passion Fruit (Passiflora Edulis Sims) Production in Uasin-Gishu County, Kenya</i>. It contributes to an important aspect of agricultural sciences. Overall, it is a good article and may be accepted after the major suggested changes have been implemented.</p> <p>2. The title of the article is suitable.</p> <p>3. The abstract of the article should be rewritten as it is not comprehensive. The aim of the study is not clear here. The study design has not been mentioned here. The study reported here had been conducted 5-6 years ago. More recent data of this study should have been included.</p> <p>4. The subsections of the manuscript are appropriate.</p> <p>5. The manuscript is scientifically correct but outdated.</p> <p>6. The references are insufficient and old. More recent references should be included in the text.</p> <p>Additional comments:</p> <p>i. The keywords are traditionally written in alphabetical order separated by semicolons.</p> <p>ii. The longitudes and latitudes of the study area should be mentioned in the study area section.</p> <p>iii. The data in the questionnaire section is more than a decade old. Some improvements in agricultural practices and policies must have taken place since then. The authors should do some research and include this recent data.</p> <p>iv. The author(s) should mention about the counties both in the text as well as the tables 1 and 2 in a row above the first row as "Names of Counties".</p> <p>v. The author(s) should add a "future scope of study" section after the conclusion section, describing in brief how this current research can help in future agricultural research and related policies.</p> <p>vi. There are minor formatting issues in the article. Some of them have been highlighted by the reviewer for the author(s) to rectify.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	The language/English quality of the article is suitable for scholarly communications.
