

Review Form 1.7

Journal Name:	Asian Journal of Physical and Chemical Sciences
Manuscript Number:	Ms_AJOPACS_98569
Title of the Manuscript:	Energy losses by the interaction of charged particles with a graphene sheet
Type of the Article	Short Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)	1. I suggest the authors to include more cites of researchers in the field related to energy losses on graphene samples and comparing that research with their discussion performed in their study. I strongly recommend the review of different literature scientific research. Moreover, I think the authors must expand their introduction, discussion, and conclusion sections accordingly with new literature review that might strengthen their investigation. 2. Yes 3. Yes 4. Yes 5. Yes 6. Yes, although I suggest the authors to cite more articles to strengthen their findings.	
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?	None. I think the manuscript is well written and has not typo or redaction errors.	
Optional/General comments	I suggest the authors cite more articles related with the methodology they performed; and latter get a better understanding of the conclusions they found in their manuscript, discussing them with more details.
