<b>Compulsory</b> REVISION comments		
<b>Minor</b> REVISION comments	<p>The topic of the research is practical and contemporary            The whole document needs proofreading and editing            The abstract is clear. It reflects the paper's content and intended Objective.            Keywords are good            The introduction and background are adequate and are validated with relevant reported research. Proofreading is needed [see attached scanned Manuscript]            Methodology representation is adequate. Though needs to add to the Data analysis details and their measurement as descriptive statistics [see suggestion]            The results are fine in their Table and Figure forms but need some suggested changes as suggested.            The discussion is adequate and validated by the reported literature for comparison purposes.            The conclusion is adequate            Recommendations should be made????            Review carefully the write-up of the references for consistency and completeness, and to match the Journal's requirements. Make sure all the references are used and present throughout the paper            Proofreading and editing are needed</p>	
<b>Optional/General</b> comments
