

## Review Form 1.7

Journal Name:	Asian Journal of Case Reports in Surgery
Manuscript Number:	Ms_AJCRS_98038
Title of the Manuscript:	Hydatid Cyst of the Lesser Sac: a case report and literature review
Type of the Article	Case study

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalajcrs.com/index.php/AJCRS/editorial-policy> )

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory REVISION</b> comments 1. <b>Is the manuscript important for scientific community?</b> (Please write few sentences on this manuscript) 2. <b>Is the title of the article suitable?</b> (If not please suggest an alternative title) 3. <b>Is the abstract of the article comprehensive?</b> 4. <b>Are subsections and structure of the manuscript appropriate?</b> 5. <b>Do you think the manuscript is scientifically correct?</b> 6. <b>Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</b> <b>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</b>	Yes  Yes  No  No  Yes  References are very haphazardly written, especially No. 5 and 6 are without any style	
<b>Minor REVISION</b> comments 1. <b>Is language/English quality of the article suitable for scholarly communications?</b>	Needs grammatical and spelling corrections	
<b>Optional/General</b> comments	<b>Introduction part:</b> For a case report abstract should be comprehensive and running, without subheadings. "Treatment OPTIONS consist of surgical management" does not make sense. In the introduction part there is no mention of the author's case. <b>In the discussion part:</b> "Hydatid cyst of the lesser sac is a very rare presentation which usually follows infection elsewhere in the abdomen. (3)" except for this line authors have discusses hydatid cyst in general; there is no discussion or review of hydatid cyst of lesser sac or extrahepatic cases. Authors have mentioned, "scolicidal agent and/or alcohol" What alcohol is used for? Scolicidal agent or something else?	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
