	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. (Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)	<ol style="list-style-type: none"> 1. The manuscript is important for the scientific community, particularly for maintaining soil health. 2. The title is suitable. 3. The abstract should also contain a conclusion 4. Subsection is already appropriate 5. The manuscript is scientifically correct. 6. The reference is sufficient and recent, but it should be written in accordance to the author's guidelines of this journal. <p>I would suggest the author(s) to check the typographical error. More importantly, the table number should be indicated in describing the results. It may also be interesting to add the physiological role of Zn in enhancing the available phosphorus.</p>	
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?		
Optional/General comments		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
