

## Review Form 1.7

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_97564
Title of the Manuscript:	Effect of Fe, Zn and Bio-fertilizers on Growth, Nodulation and Chlorophyll Content of Urdbean (Vigna mungo L.)
Type of the Article	Original Research Article

### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijecc.com/index.php/IJECC/editorial-policy> )

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory REVISION</b> comments 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <b>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</b>	1. Yes, the manuscript highlights the role of the conjunctive application of the inorganic fertilizers and biofertilizers on the growth parameters of the urdbean. As, the conjunctive use of the fertilizers always lead to the higher growth and yield but need to be cautious regarding the increased. Though it is not the part of the manuscript, somehow, the results are good and can be published. 2. No, should be corrected as "Conjunctive use of Fe, Zn and Bio-fertilizers on Growth, Nodulation and Chlorophyll Content of Urdbean (Vigna mungo L.)" 3. Yes 4. Yes. 5. Yes. 6. Yes, but need to mentioned some new references indicated in the attached manuscript with comments. 7. The additional comments indicated on the manuscript. Kindly find the attached file	
<b>Minor REVISION</b> comments 1. Is language/English quality of the article suitable for scholarly communications?	Need extensive English editing and especially the spell check.	
<b>Optional/General</b> comments	Indicated in the attached file of manuscript	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
