	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>Is the manuscript important for scientific community? It is very important to the scientific world as well as farming communities because application of zinc and boron is paramount</p> <p>Is the title of the article suitable? The title of the article is suitable</p> <p>Is the abstract of the article comprehensive? The abstract of the article is comprehensive but should consider adhering to the suggestions made and include the recommendation</p> <p>Are subsections and structure of the manuscript appropriate? The subsections and structure of the manuscript are appropriate.</p> <p>Do you think the manuscript is scientifically correct? The manuscript is scientifically correct because of its nature and references cited and listed, but the views of the author are not well coming out. The views seem to be copied. This must be avoided. The statistics is not clear in Table 3. Was the data analyzed? Table 1 need to have revisited. It is not a standard one as it cannot be edited.</p> <p>Most of the references are not cited yet they are listed and the opposite is true some cited but not listed.</p> <p>Make sure all the references are in alphabetical order. Check critically.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	Yes	
<p>Optional/General comments</p>	<p>This is a important manuscript but the author(s) need to</p> <ul style="list-style-type: none"> ▪ Bring in more of their views than copying other scientists' views ▪ Remove out all old references apart from the originals ▪ Improve on the tables to look scientific 	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p>(If yes, Kindly please write down the ethical issues here in details)</p>
