PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>[1] The article is important to the scientific community. Especially to the agricultural industry and the food safety.</p> <p>[2] The title of the article suitable.</p> <p>[3] The author wrote a good article. This is an interesting study of toxicological effect on fishes.</p> <p>[4] The article needs photos representing the stated mango.</p> <p>[5] Please provide relevant map to make sure we know the exact location of the study area where the mango came from.</p> <p>[6] Please add more discussion and relevant suggestion of the study.</p> <p>[7] The subsections and structure are fine.</p> <p>[8] The manuscript is scientifically correct.</p> <p>[9] It is suggested that the writer add more literature review of the subject matter.</p> <p>[10]Writer may add more on the literature review section.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Need some paragraph rephrase in some part especially in the methodology section.</p>	
<p>Optional/General comments</p>	<p>The article is well-written, organised, and of high quality. I would be happy to recommend the manuscript for International Journal of Plant & Soil Science as it is an example of good study on the subject matter.</p>
