(If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>1. In Nigeria, as well as around the world, marginal oil fields are associated with several challenges. In this paper, the authors discuss the economic viability and government's role in the implementation of marginal oil field contributions. It is investigated in detail how the margin fields of the Niger Delta are developed and which production strategies are chosen. Water flooding, infill drilling, and infrastructure sharing were found to be the three common approaches in Niger Delta marginal field development. The authors of the study found that these approaches have contributed to the operationalization, competitiveness, and economic viability of marginal fields in Nigeria.</p> <p>2. Yes, it is 3. Yes, it is 4. yes, they are 5. Yes, I do 6. Yes, they are</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	Yes, it is	
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
