### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<b>Compulsory</b> REVISION comments	I consider that it is convenient to point out the intention and the effort that the authors make in wanting to make the manuscript and bring an experience to a research product, that is certainly valuable and recognized. I think it would be an interesting model to improve and clearly establish originality.  Authors should consider the corrections suggested by the reviewers.	
<b>Minor</b> REVISION comments	The article presents an important topic and a relevant problem in the study area. It has a Social Relevance: Impact, Benefit and Social Projection and a Contemporary Relevance: Analysis of the situation that manifests itself. Detailed corrections are made in the manuscript. I consider that this manuscript may have scientific merit if they make the suggested corrections, this would improve the quality of the candidate manuscript.	
<b>Optional/General</b> comments
