PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>1. This manuscript is useful to the scientific community. This study underscores the pivotal role played by the judicious selection of packaging materials and precise storage conditions in upholding parsley's quality and prolonging its shelf life. The synergistic use of Low-Density Polyethylene (LDPE) and High-Density Packaging materials, coupled with refrigerated storage, emerges as an optimal strategy for safeguarding the freshness and extending the viability of parsley produce.</p> <p>2. The title of the article is suitable.</p> <p>3. Abstract should be informative and completely self-explanatory, briefly present the topic, state the scope of the experiments, indicate significant data, and point out major findings and conclusions.</p> <p>4. The subsections and structure of the original are appropriate. However, the purpose of the study should be clearly stated at the end of the introduction.</p> <p>5. The manuscript is scientifically correct.</p> <p>6. References are sufficient and current. Citations in text and References list must be follow template of Journal.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Please check the grammatical errors and misspellings.</p>	
<p>Optional/General comments</p>	-
