

Review Form 1.7

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_104580
Title of the Manuscript:	Role of organic and inorganic bio-fertilizers in the growth and yield of Okra (<i>Abelmoschus esculentus</i> (L) Moench)
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

Review Form 1.7

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>Yes. This paper investigates "Role of organic and inorganic bio-fertilizers in the growth and yield of Okra (<i>Abelmoschus esculentus</i> (L.) Moench)".</p> <p>Yes</p> <p>Yes. However, recommendation from the study should be added.</p> <p>Yes</p> <p>Yes</p> <p>Yes</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Yes</p>	
<p>Optional/General comments</p>	<p>Introduction: The author should explain how this topic is important to investigate. Pros and cons of organic and inorganic bio-fertilizers. Add some discussion why this study differs from previous studies.</p> <p>Material and Method: Explain how we measure yields of Okra. This author also mentions about correlation. Explain about correlation in method section. How do we compute cost benefit ratio?</p> <p>Table 1: T1, T12 are highlighted. Why? How do we know that there is a good economic correlation with the given treatment? Explain.</p> <p>Last sentence: "and found a good economic correlation with the given treatment and the findings of" Is there any missing part?</p> <p>What do we get from this study? Any recommendation?</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
