

Review Form 1.7

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_104727
Title of the Manuscript:	Effect of different rate and time of nitrogen application to sweet corn (<i>Zea mays L. saccharata</i>) under south Gujarat condition
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijecc.com/index.php/IJPSS/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comments (if agreed with reviewer, corrects the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>1) The manuscript is somehow important for scientific community. However, the technical contents presented in the manuscript are not properly addressed by the author(s).</p> <p>2) Yes. Title of the article is suitable.</p> <p>3) Yes. The abstract of the article is comprehensive.</p> <p>4) I suggest the author(s) to put some efforts to restructure of the manuscript with appropriate sections viz., Introduction, Literature Review, Materials and Methods with appropriate subsection, Results and Discussion, Conclusion, References.</p> <p>5) The scientific correctness in the manuscript is not found to be in order. The same may be critically viewed by the author(s).</p> <p>6) Add the results of Gross Production and Net Return of difference scenarios adopted in the study, in Tabular Form. Discuss the results accordingly.</p> <p>7) References are recent and also sufficient. But, I suggested the author (s) to add the outcomes of the research studies conducted by various researchers in their research papers that are referred in this manuscript.</p> <p>The author(s) made an attempt to write the research paper based on some case study. But, I found some repetitive statements/ information of the results presented in Tables 1-2. So, the section on 'Results and Discussion' needs to be revised.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>1) The author(s) are suggested to check the grammar and spelling mistake with the standard editing software to improve the language/ English quality of the article so that it will be suitable for scholar communications.</p>	
<p>Optional/General comments</p>	<p>1) The terms viz., F Tab (5%), DAS, Sem, CD, etc are to be abbreviated.</p> <p>2) Prepare the manuscript as per IJPSS guidelines and place the references as per APA format.</p> <p>3) The cited paper of Kar et al. (2006) is not added in reference list. Review the same and make the correction accordingly.</p> <p>4) Overall, the manuscript may be considered for publication after the revision.</p>
