

Editor's Comment:

Manuscript title: Modeling the Yield of Glycine max (L.) Merrill Using Mixture Process Variable Model within an Optimal Split-Plot Design.

The reviewers' comments have been taken into account. The title of the article is suitable. The abstract of the article is comprehensive. Subsections and structure of the manuscript appropriate. I think the manuscript is scientifically correct. The references are sufficient and recent. Language/English quality of the article is suitable for scholarly communications.

My editorial decision : This manuscript can be published in the Journal of Scientific Research and Reports.
