Indeed, it applies scientific methods for analysis and the topic itself has received less attention. So, yes, it is a significant study 2. The title is okay 3. The abstract is comprehensive 4. The structure and subsections are fine 5. Not really: technical analysis methods have not been technically illustrated 6. References are not enough: it has very few citations to make reference which are less than 10. For this kind of study doesn't necessary need much of reference because it is scientific but at least 20 recent reference (5 years back) would be better for benchmarking and generalization 	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> 1. Is language/English quality of the article suitable for scholarly communications? 	<ol style="list-style-type: none"> 1. Need editorial works, there are issues with spaces and some wordings
