In the following, I will present you the Final Decision on the paper ID. Ms AJEBA 110293, entitled: Implementation Of Financial Ratios: Evidence from the Indonesia Stock Exchange

From the analysis of the paper with the title: Implementation of Financial Ratios, Corporate Governance, and Intellectual Capital on Financial Performance and the reviews, it emerged that the changes suggested by the evaluators were made by the authors. But, there is an aspect that requires correction, namely mentioning the source in the tables. After making this change, I recommend publishing the article.
