<p><b>Minor</b> REVISION comments</p> <p>1. <b>Is language/English quality of the article suitable for scholarly communications?</b></p>	<p>I want to commend the author for his creativity in this work. I just have some minor corrections with respect to some typographical errors I observed:</p> <p>1) In page 2 where the author said and I quote "the first section contains...." I think we can recast this as the "next section" or "the preliminary section" or simply say "section 2".</p> <p>2) Also where the author said "The main part of the paper is in section 2" – I think what you mean is "the main part of the result/paper is in Section 3"</p> <p>3) My third observation is on the term "Superperoperation" I think the author will do well by defining what it means. Or does the author mean "superoperation?"</p>	
<p><b>Optional/General</b> comments</p>	<p>Same as above</p>
