

Review Form 1.7

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_110397
Title of the Manuscript:	Chemical identification, antimicrobial activity, acute and subacute toxicity of the leaves of Combretum grandiflorum antidiarrheal plant
Type of the Article	Original research

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>The manuscript entitled "Chemical identification, antimicrobial activity, acute and subacute toxicity of the leaves of Combretum grandiflorum antidiarrheal plant" has been reviewed according to the invitation by the International Journal of Plant & Soil Science editorial team. The following comments are provided to improve the quality of the article.</p> <p>1. Yes 2. Yes 3. Yes 4. No</p> <p>The author or authors must provide more details about Phytochemical screening in material and method. The results are confident. Figure to significant markers are not adjusted to the represented columns. Do the results (Figure 3-6) include the results of single tests or are they the average of several repeated tests? If it is the average of several tests, please also mention the standard error for your results.</p> <p>5. none</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>There are too many typos and writing errors. For example "widely" must be replaced by "wide" in the second line of abstract or "In cause" must be replaced with "In case". There are too many capital letters in the middle of the sentences.</p>	
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p>(If yes, Kindly please write down the ethical issues here in details)</p>
