It shows price fluctuations has it affect paddy rice. The study is important has it will help policy makers in decision making process. With reference to location/scope of the study the title is a good fit. The abstract need to give a summary of the study including the conclusion of the study. Few adjustment should be made to make it fit. If the journal allows numbers like some others. The subsectors maybe be numbered for easy understanding. However, this is dependent on the journal style. the analysis were good. It was clear. there is a major problem with the referencing. Over 70% of there references were not cited in the main work.
