

Editor's Comment:

Regarding the manuscript "Impacts of the COVID-19 Pandemic on Commodity, Service, Manufacturing, and Education Sectors: A Comprehensive Analysis with a Focus on African Countries" I have the following to say:

-I would like to receive the revised text with the changes highlighted in yellow. As it stands, I am unable to verify whether the modifications suggested by the reviewers were properly executed (and they are relevant). I can only see that 1 reference was added.

-Section 10 has no title.

-The list of abbreviations must be placed in a column. In its present form, in consecutive text, it is practically useless.

As it stands, I cannot recommend the text for publication.
