	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5.</p> <p>6. Do you think the manuscript is scientifically correct?</p> <p>7. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>Yes, the manuscript will be of great importance as it focuses on providing valuable scientific information about the millets (crops) with their medicinal and nutritional potential beneficial for mankind. The manuscript also holds strong information about the historical significance, present scenario, current challenges and future prospects related to the millets which will be helpful in strategizing future plans for enriching nutritional security of the nation.</p> <p>Yes the title of the manuscript is informative and appropriate.</p> <p>Yes, but can be more improved by providing scientific information about its role in disease prevention and human health which is mentioned in the body of the manuscript.</p> <p>Yes</p> <p>Yes, the information provided is based on scientific findings.</p> <p>References are up to the mark but need to be arranged according to the journal style. In some cases, I found it just randomly placed which can be improved following journal guidelines.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>The manuscript needs careful english polishing since there are many typos and poorly written sentences which can be improved by rebuilding an informative sentence.</p>	
<p>Optional/General comments</p>	<p>Manuscript can be more enriched by adding the relevant medicinal and therapeutic aspects of the millets (cops) providing a different sub heading.</p>
