

Review Form 1.7

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_110952
Title of the Manuscript:	PHYSIOLOGICAL ASSESSMENT OF TEMPERATURE STRESS TOLERANCE IN SELECTIVELY FERTILIZED COCONUT HYBRIDS
Type of the Article	Original Research Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>1. 1. The scientific community does indeed value the current study that was undertaken. Every information has been provided to perfection, allowing the research community to further access it and use it to build tolerant cultivars or hybrids in the relevant fields, which will lead to a boom in the agriculture industry.</p> <p>2. Yes. No need to change as per my opinion.</p> <p>3. Yes it is.</p> <p>4. Appropriately structured.</p> <p>5. Yes it is.</p> <p>6. Although the references are sufficient and recent. But I have also provided the recent ones in the end eg.</p> <p>1. Thakur R K, Ghai N, Jindal S K, Kumar S, Sharma K. Performance of twelve bell pepper (<i>Capsicum annuum</i> L.) Genotypes to elevated temperature. J of Biomecha. Sci. Eng.2023 DOI 10.17605/OSF.IO/RVUHP</p> <p>2. Thakur R K, Ghai N, Jindal S K. Biochemical constituents of bell pepper hybrids grown under polyhouse and open field conditions. Int. J Recent Sci. Res. 2021 ;12 (02) (C):40914-40919. DOI: 10.24327/IJRSR.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>The authors of this work could work on improving the few technical and even grammatical flaws that it currently contains. If not, everything is set to proceed.</p>	
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
