

Review Form 1.7

Journal Name:	Asian Journal of Case Reports in Surgery
Manuscript Number:	Ms_AJCRS_110132
Title of the Manuscript:	Testicular Torsion: Case Report & Literature Review
Type of the Article	Case study

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>The manuscript is important to the scientific community. Testicular torsion is indeed an important urological emergency that needs prompt diagnosis and management.</p> <p>The literature review part did not really come out in the manuscript as I would have expected the author to make a comparison between his/her case with a number of other cases that are found in the literature.</p> <p>The abstract is adequate</p> <p>Yes they are</p> <p>The author did not cite in text, and this does not conform to scientific standards</p> <p>There are no citations in text, however, those listed in the reference list are fairly recent</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>The language is not suitable for scholarly communication, a major revision of the language is necessary</p>	
<p>Optional/General comments</p>	<p>The author did not cite their work in text, and a revision of language is needed.</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
