Present research on the air quality in the Rumuolumeni area and the impact of unregulated refineries on public health is groundbreaking. By identifying the causes of soot emissions and providing solutions, the study is contributing to our understanding of environmental pollution and its effects. The findings of the study will help guide government agencies and regulatory bodies in implementing effective measures to protect the environment and public health. Present research is a significant step towards creating a healthier and safer community</li> <li>MEDICAL EFFECTS OF EMISSIONS FROM UNREGULATED REFINERIES IN RUMUOLUMENI COMMUNITY, PORT HARCOURT, RIVERS STATE, NIGERIA</li> <li>Data wise findings are missing in abstract.</li> <li>Subsections and structure of the manuscript are not appropriate. Numbering of headings and subheading is not continuing and appropriate.</li> <li>Yes</li> <li>References are sufficient but not cited in proper format all references should be in a particular format i.e., APA, MLA, Vancouver etc. Citations are also not in proper format. The should be as follow:  Saran et al., 2023 (If there are more than two authors in the article) Saran and Charan, 2023 (If there are two authors in the article) Saran, 2023 (If there are single in the article)</li> </ol>
