

Review Form 1.7

Journal Name:	Journal of Advances in Medical and Pharmaceutical Sciences
Manuscript Number:	Ms_JAMPS_110766
Title of the Manuscript:	INVESTIGATION OF HEPATIC AND RENAL PARAMETERS CONTENT IN BLOOD SAMPLES OF SNUFF ADDICTED INDIVIDUALS IN GUSAU METROPOLIS
Type of the Article	Original Research Article

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<p>Compulsory REVISION comments</p> <ol style="list-style-type: none"> Is the manuscript important for scientific community? (Please write few sentences on this manuscript) Is the title of the article suitable? (If not please suggest an alternative title) Is the abstract of the article comprehensive? Are subsections and structure of the manuscript appropriate? Do you think the manuscript is scientifically correct? Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<ol style="list-style-type: none"> The subject is important in confirming the health risks (Hepatotoxicity and Nephrotoxicity) associated with snuff addiction which is considered an alert to people to stop or at least minimize and take care when using dry nasal snuff. The title is suitable. The Abstract is good in an informative and concise style. The "Article Structure" is complete with all sections and sub-sections. The manuscript is scientifically correct and within the aim and scope of journal. The references are sufficient. 	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> Is language/English quality of the article suitable for scholarly communications? 	<ol style="list-style-type: none"> Please CHECK Language, and Word Processing. Use the past tense instead of the present tense to present the finished work: "The aim of this study is to ... >>> The aim of this study was to ..." – was NOT is PLEASE CHECK all the manuscript for Language. 	
<p>Optional/General comments</p>	<ol style="list-style-type: none"> The "Introduction" section needs revision as you wrote it in just one continuous too long paragraph. PLEASE REVISE to about 2-4 separate paragraphs and let the last paragraph in the "Introduction" for the "Aim of Investigation" or the purpose of the study. Methodology >>>> Materials and methods <ul style="list-style-type: none"> Please CHECK the sub-sections of "Materials and methods" Data Analysis >>>> Statistical analysis <ul style="list-style-type: none"> Please mention the number of replicates "n=??" and the confidence level "P-value" at which you conducted your measurements. RESULT AND DISCUSSION >>> RESULTS AND DISCUSSION (with S in Results)
