

Review Form 1.7

Journal Name:	South Asian Journal of Research in Microbiology
Manuscript Number:	Ms_SAJRM_110597
Title of the Manuscript:	EVALUATION OF TOTAL PROTEIN IN MALARIA PARASITAEMIA
Type of the Article	Original Research Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>This manuscript is important as a beginner study for Liver function status in Malaria parasitemia. This study suggests that liver is affected in Malaria patients. This will help in improving treatment modalities in Malaria patients.</p> <p>Title is suitable</p> <p>Yes</p> <p>Yes</p> <p>Manuscript is mostly scientifically correct. Following changes are suggested-</p> <ol style="list-style-type: none"> 1. In introduction part aim is mentioned as total protein and albumin estimation, however only total protein estimation is done. Hence albumin estimation need not be mentioned. 2. Manuscript mentions control group, however in statistical analysis control group is not taken into consideration. Hence mention of control group can be omitted. 3. In results, in table 2 description, first sentence needs to be corrected. There is decrease in total proteins in high density parasitemia and not increase. 	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	Yes	
<p>Optional/General comments</p>	Few grammatical errors need to be addressed.	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
