

Review Form 1.7

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_110498
Title of the Manuscript:	MULTIVARIATE ANALYSIS OF GENETIC DIVERSITY IN LINSEED GENOTYPES FOR YIELD AND ITS COMPONENT TRAITS
Type of the Article	Original Research Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>1. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>Is the abstract of the article comprehensive?</p> <p>2. Are subsections and structure of the manuscript appropriate?</p> <p>3. Do you think the manuscript is scientifically correct?</p> <p>4. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>The manuscript was well written but with major review. I will recommend the publication of this manuscript subject to the major review</p> <p>The title is suitable for the research carried out.</p> <p>Abstract: Line 5, add "of". It should be " a total of 30 linseed"</p> <p>State the source of the 30 linseed used in the research in the "Material and Methods" section.</p> <p>The manuscript is scientifically correct but auhor(s) need to add mathematical expressions used in the manuscript.</p> <p>The references are well written but recent references are not cited in the work.</p> <p>To improve on the overall quality of the manuscript, author should hint using mathematical equation on how the eigen values and vectors were obtain for other researchers to reproduce and possible further the technique used.</p>	
<p>Minor REVISION comments</p> <p>Is language/English quality of the article suitable for scholarly communications?</p>	<p>The grammatical errors in the manuscript should be corrected</p>	
<p>Optional/General comments</p>	<p>It is necessary to compare the results obtained with the work of other scientists dealing with linseed and its properties, only then it is possible to compare the activity of the materials obtained by the authors</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
