| Journal Name:            | Current Journal of Applied Science and Technology  |
| Manuscript Number:       | Ms_CJAST_109051  |
| Title of the Manuscript: | Training on good practices for start-up, use and maintenance of processing equipment in a cereal processing unit in the Mouhoun Province of Burkina Faso |
| Type of the Article      | Original Research Article  |

### PART 1: Review Comments

|  | Reviewer's comment  | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|---|---|
| <p><b>Compulsory</b> REVISION comments</p> <p>1. <b>Is the manuscript important for scientific community?</b><br/>(Please write few sentences on this manuscript)</p> <p>2. <b>Is the title of the article suitable?</b><br/>(If not please suggest an alternative title)</p> <p>3. <b>Is the abstract of the article comprehensive?</b></p> <p>4. <b>Are subsections and structure of the manuscript appropriate?</b></p> <p>5. <b>Do you think the manuscript is scientifically correct?</b></p> <p>6. <b>Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</b></p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p> | <p>This manuscript describes an interesting work with purpose to train the cereal processors in Good Practices for Start-up, Use and Maintenance of processing equipment of a cereal processing unit (maize, sorghum, millet, etc.) in the province of Mouhoun in Burkina Faso. The issues addressed are very useful in the field and have been materialized in a training booklet containing all the necessary information.</p> <p>The title is appropriate and representative of the content of the paper, the abstract is well designed and provides sufficient information about the research undertaken.</p> <p>The purpose of this paper is clearly stated and the literature review has been properly addressed. Thus, the reasons for approaching this research topic have been well revealed.</p> <p>The paper is well presented and the methodology is well and sufficiently detailed.</p> <p>The results, clearly presented the equipment concerned for the training, consisting of the maize gin model ZEKEDÉ, the motorized basket weaver, the <i>Engelberg</i> cereal sheller, the hammer mill, the flour roller and the flour sieve, which make up the Allah Komi agricultural products processing unit.</p> <p>The manuscript is scientifically correct. The training of cereal processors in good practices for the use and maintenance of grain processing equipment has strengthened the technical capacities of processors in the operational and technical management of equipment in the grain processing unit. The document developed is made available to processors as a memory guide for better use and maintenance of unit equipment.</p> <p>The references cited are relevant for this topic.</p> |   |
| <p><b>Minor</b> REVISION comments</p> <p>1. <b>Is language/English quality of the article suitable for scholarly communications?</b></p>   | In general, yes   |   |
| <p><b>Optional/General</b> comments</p>  | Given the importance of this work, I recommend this manuscript for publication after careful checking to correct any grammatical or syntactical errors.   |   |

### PART 2:

|  | Reviewer's comment  | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|---|---|
| <p><b>Are there ethical issues in this manuscript?</b></p> | <p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p> |   |
