EDITORIAL COMMENT'S on revised paper (if any)	Authors' response to editor's comments
<ol style="list-style-type: none">1. The text says as follow: "Preoperative coronary angiography was normal". , but below says:2. The availability of coronary angiography in our context did not make it possible to check the coronary status3. This sentence is conflicting; it must be clarified.4. The reviewer requested: "Use full forms instead of "AI " . PHT Pressure half time instead half time pressure etc" but the manuscript have no changes at all.	<p>The availability of coronary angiography in our context makes it possible to check the coronary state</p> <p>Abbreviations: GFR: Glomerular filtration rate NYHA: New York Heart Association</p>
