### General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalgeesi.com/index.php/JGEESI/editorial-policy> )

### PART 1: Review Comments

	<b>Reviewer's comment</b>	<b>Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</b>
<b>Compulsory</b> REVISION comments	<p>The quality of the manuscript is to some extent okay            Conclusion is very long            There is no data availability            Introduction without references ---why ????</p> <p>Materials and methods should be rewritten again            What about size , number, gender of the tested fish???</p> <p>There is no ethical approval code            What the differences between the introduction and the other mentioned items(review of literature---etc)            Add global organization , fish biodiversity and fisheries to the keywords            Add mass instead of populace            Don't add reference in the abstract            Aims of the study not clear at the end of introduction            Some journal names were written abbreviated, while others were not ---why ???/same style should be            Some cited references need more update            Results and discussion should be improved</p>	
<b>Minor</b> REVISION comments		
<b>Optional/General</b> comments		

### PART 2:

	<b>Reviewer's comment</b>	<b>Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</b>
<b>Are there ethical issues in this manuscript?</b>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
