

Review Form 1.7

Journal Name:	Asian Journal of Applied Chemistry Research
Manuscript Number:	Ms_AJACR_95956
Title of the Manuscript:	Kinetic and Thermodynamic Studies of Crude Palm Oil Bleaching using Amansea Clay
Type of the Article	Original Research Article

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

Review Form 1.7

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <ol style="list-style-type: none"> 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) yes 2. Is the title of the article suitable? (If not please suggest an alternative title) yes 3. Is the abstract of the article comprehensive? yes 4. Are subsections and structure of the manuscript appropriate? yes 5. Do you think the manuscript is scientifically correct? yes 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. Need some related and new references <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments) please see the attached files</p>		
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> 1. Is language/English quality of the article suitable for scholarly communications? 		
<p>Optional/General comments</p>	<p>My comments</p> <p>Thank you very much for giving me the chance to cooperate with your respected journal in reviewing this interesting work.</p> <p>The work dealing with "Kinetic and Thermodynamic Studies of Crude Palm Oil Bleaching using Amansea Clay". This work is very important for readers to improve their awareness of the toxicity of heavy metals.</p> <p>The paper is carefully prepared but for more benefits of this work, some comments must be fixed before the publication of this paper.</p> <ol style="list-style-type: none"> 1. The title is very precise, and the core message of the manuscript is clear 2. The introduction is well written and covered the period from 2000 to 2022 and this literature satisfactory, but some recent and related references on pollutants and its treatments must be increased to improve and enrich the manuscript. <ul style="list-style-type: none"> • Ibrahim Abdelfattah, Wael Abdelwahab, Ashraf El-Shamy, Montmorillonitic clay as a Cost-Effective, Eco Friendly and Sustainable Adsorbent for Physicochemical Treatment of Contaminated Water, Egypt. J. Chem. 65(2): 687 - 694 (2022). DOI: 10.21608/ejchem.2021.92320.4378 • Samar M. Mounair, Ali M. El-Hagrassi, Ashraf M. El-Shamy. A Review on the Chemical Compositions of Natural Products and Their Role in Setting Current Trends and Future Goals Egypt. J. Chem. 2022; 65(5): 491-506. DOI: 10.21608/ejchem.2021.95577.4486 • Ibrahim Abdelfattah, Fathy A. El-Saied, Ali A. Almedolab, A. M. El-Shamy, (2022). Biosorption as a Perfect Technique for Purification of Wastewater Contaminated with Ammonia, Applied Biochemistry, and Biotechnology, 1-30. https://doi.org/10.1007/s12010-021-03794-4 3. The experimental work is well written and easy to understand because it contains all the required information. 4. The results are promising, and I have no comments about this part of the research. The figures are acceptable 5. The conclusion part is well written, but there are a lot of editing and grammatical mistakes 	

Review Form 1.7

	<p>in the manuscript. Please see the attached revised manuscript.</p> <p>6. The references are listed according to the requirements of the journal. Please update the recent references.</p> <p>My decision is: acceptance with minor revision Please check the editing and grammatical errors and update the recent and related references.</p>
