However, references should be arranged alphabetically.	
<b>Minor REVISION</b> comments  1. <b>Is language/English quality of the article suitable for scholarly communications?</b>	Not really as I found some inappropriate English words, e.g. "the globe", and vocabulary errors, referring to "somewere" (somewhere) and "within" (in). besides, there are errors of phrase use, e.g. "not only..., but also...", referring to "Not only most people have lost their jobs, but they have witnessed..." (Not only most people have lost their jobs, but also they have witnessed...) and "... do not focus on only theoretical frameworks; it also includes tons of practical learning..." (... do <b>not only focus on</b> theoretical frameworks, <b>but also tons of practical learning...</b> ).
