<p>Compulsory REVISION comments</p> <ol style="list-style-type: none"> Is the manuscript important for scientific community? (Please write few sentences on this manuscript) Is the title of the article suitable? (If not please suggest an alternative title) Is the abstract of the article comprehensive? Are subsections and structure of the manuscript appropriate? Do you think the manuscript is scientifically correct? Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>A good and relevant study. The presentation however need to be significantly improved upon.</p> <p>Anthropometric and Bioelectrical Impedance Analysis for Nutritional Assessment in Children with Chronic Kidney Disease</p> <p>Yes Some of the Tables can be merged as a maximum of 6 would be ideal.</p> <p>Yes, though some statements are rather too vague, with very little medical language</p> <p>References should be increased. The few numbers made Gupta et al and Zhang et al to feature severally in the discussion</p> <p>The language in this manuscript needs significant improvement to meet minimum standard in medical literature.....sick group and many more.</p>	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> Is language/English quality of the article suitable for scholarly communications? 	<p>Quite below minimum needed for medical literature.</p>	
<p>Optional/General comments</p>
